FORT SAINT GEORGE. MADRAS.

Sir,

In continuation of this office letter C. R. No. 1602/24 dated 22nd September 1924 forwarding an application for special grants for 1925-26, - have the honour to state as follows:-

2. In respect of item 1 of the works under "Improvements to communications" roads in general an estimate for Rs. 24,000 has now been got duly scrutinised by the Superintending Engineer, Madras Circle for special repairs to a portion of Trunk Road Hospet Mysore frontier road locally known as Gowripur Durgavathi road. The present condition of this portion of the road has been the subject of severe criticism by the Superintending Engineer in his notes of inspection for the past more than 4 years and hence a special repairs estimate is got prepared and scrutinised and also included in the application for special grants as neither the annual maintenance grant for trunk road nor the revenues of the

District Board permit the undertaking of special repairs to such a large extent.

I therefore request that Government be pleased to sanction a special grant of Rs. 24,000 to work out this special repairs estimate during the next official year, 1925-1926.

A copy of the Superintending Engineer's letter No.1960M dated 13th November 1924 is herewith enclosed for favour of information and orders.

I have the honour to be,
Sir,
Your most obedient servant,

K Ramadoss

I have the honour to return the estimate amounting to Rs. 24,000 for special repairs to Gowripur Duggavathi road after scrutiny.

The estimate can be sanctioned by the Board itself as per Local Boards Manual para 240(2) unless there are rules to the contrary.

(2) Necessary additional grant required for the work may be applied for direct enclosing the extracts of the inspection notes referred to by you.

(3) Copy of the estimate after sanction is accorded by the Board may be forwarded for record in my office.
